

Create and configure IBM Cloud Service

Database In Cloudant DB

Date	07 November 2022
Team ID	PNT2022TMID41908
Project Name	Hazardous Area Monitoring for Industrial Plant powered by IoT

The screenshot displays the IBM Cloudant Databases dashboard in a web browser. The browser's address bar shows the URL: `3a5485e8-35bb-43df-baeb-2bfc10983fc3-bluemix.cloudant.com/dashboard.html#/_all_dbs`. The dashboard has a dark sidebar on the left with various navigation icons. The main content area is titled "Databases" and includes a search bar labeled "Database name" and buttons for "Create Database", "JSON", and a notification bell. Below the title, there is a section labeled "Your Databases" containing a table with the following data:

Name	Size	# of Docs	Partitioned	Actions
kamalesh	14 bytes	1	No	[Icons for edit, lock, delete]
noderedxrfjd20221107	15.7 KB	3	No	[Icons for edit, lock, delete]

At the bottom of the dashboard, there is a "Log Out" button on the left and a pagination control on the right that reads "Showing 1-2 of 2 databases. Databases per page 20" with a dropdown menu and a page number "1".
